

Frequently Asked Questions

I'm ready for flatwork, but I don't where to choose color from. Where would I look for color samples?

We at Superior Concrete provide our customer(s) with two color charts/schemes upon meeting; the Solomon and Davis color schemes/charts. Each is full of the most popular and These charts can be obtained through Superior directly or by Robertson's Ready Mix.

Okay, I just currently purchased a new home and I am in need of quite a bit of flatwork. What would Superior Concrete charge per square foot of concrete?

A: It is nearly impossible to estimate the cost of a specific project based solely on square footage. Superior Concrete is one of Southern California's #1 decorative concrete specialists and we offer a vast list of different concrete colors, patterns, finishes and saw cuts. Depending on what you as the customer are looking for, the price of flatwork will vary.

I've visited Superior Concrete's website (mysuperiorconcrete.com) and I'm really impressed with your work. Only problem is I reside about 65 miles from your location. Would this be an issue?

Absolutely not. Superior Concrete works within a 65 mile radius of our office based in Riverside, CA.

I just recently went through the yellow pages and found Superior Concrete's ad along with many other concrete contractors. What makes Superior different from any other contractor?

Superior Concrete is a fully licensed (License #491716) and insured (State Fund) through the state of California, was established in 1986, and can provide references from many of Southern California's most successful contractors. Superior Concrete is also located on the California State License Board website where you may see Superior maintains a clean record where zero lawsuits or complaints have been filed since the founding date of 1986 ensuring the customer 100% satisfaction.
